

## SEABASE 2011 – FINANCIAL COMMITMENT AGREEMENT

The BSA High Adventure Seabase Resident Scuba Adventure Program cost is \$850 per person for the program dates of July 13-20, 2011. The total number of participants based on 5 crews would be a minimum of 30 (10 Adults – 2 Adults per crew and 20 Scouts) to a maximum of 40 (Minimum of 10 adults – 2 Adults per crew). The other 2 cost components that comprise this high adventure trip would be air/ground transportation between Northern Virginia and Seabase and any agreed upon excursions outside the Seabase program.

**A \$100 deposit per participant due now.** Half of the remaining balance (\$375) will be due to Seabase no later than October 1, 2010 and the remaining \$375 will be due no later than April 1, 2011. The other 2 cost components may be due at other due dates as required. Money will be remitted to Troop/Crew 572.

This high adventure trip is a crew based activity and it is assumed that all crew members will travel together. Air and ground travel arrangements will be made as a group.

Once other than program costs have been determined and agreed upon and a participant withdraws from participating in Seabase 2001, any possible increased costs will not be borne by the remaining participants who are fulfilling their commitment nor will Troop/Crew 572 incur the burden.

Therefore, the financial burden will remain with participant(s) electing to drop out of Seabase unless a replacement is named and all payments secured by the replacement. This includes all cost not just the payments made to date.

---

Please sign and return this financial agreement and a \$100 deposit as soon as possible. These two items are required to secure a slot for Seabase 2011. I / We have read and understood the financial commitment statement for Seabase 2011.
